

The Tajik National University

The Tajik National University has decided to apply for a Joint Project under the Fourth Call for Proposals of the EC TEMPUS IV Grant Program to introduce the Bologna Process to Tajikistan and especially prepare the ground for the introduction of Project-Oriented Methods in Tajik Universities. The proposed subject lies down in National Tajikistan priorities in the sector "Transfer of knowledge: education-innovation-research".

Specific Project objective:

Introduction of the project-oriented methods as a pilot model to the newly established "Social Worker" academic groups at the Sociological Department (Faculty of Philosophy) in the Tajik National University.

Expected outcomes of the Project:

- ✓ Project-oriented course as part of newly established and dynamically progressing University Social Work Syllabus is developed and introduced.
- ✓ The experience in the application of the project-oriented methods among other University departments of Tajikistan is being disseminating
- ✓ Main applicant on the part of Tajikistan is Tajik National University (TNU)
- ✓ Key local partner and author of the project idea is national NGO ZUMRAD working with vulnerable children and youth and implementing DED WELTWAERTS Program and CARITAS Germany Children and Youth Integration Program in Tajikistan.
- ✓ A number of international organizations who have already contributed in establishing 'social worker' section of the department of Philosophy in TNU and curricula development are also ready to contribute, based on their experience in project oriented approach and its application to education system generally aimed at introduction of the Bologna Process in Tajik Universities.
